

Hayfever?

There's an affordable alternative

Available from your local pharmacy without prescription

Zetop®

- * Non-drowsy
- * Once-a-day
- * Relief from symptoms of hayfever and allergic conditions
- * No1 hayfever tablet (containing cetirizine) in New Zealand*

Zetop® has the same active ingredient as Zyrtec+®, (cetirizine)

If you need affordable relief from Hayfever or Allergies, ask your pharmacist for Zetop® from ArrowCare. ArrowCare is developed by Arrow Pharmaceuticals, a leading, worldwide developer and manufacturer of prescription medicines. It's a name you can trust. In fact, hundreds of thousands of New Zealanders take Arrow medicines everyday. With ArrowCare medicinal products, we've taken the same active ingredient as the innovator product and made them available at a more affordable price. *Compare the price at leading pharmacies.*

ArrowCare medicinal products contain the same active ingredient, at the same strength, and in the same form as the innovator medicines. Our medicines undergo a rigorous assessment process before they can be marketed in New Zealand. Zetop® can, therefore, be expected to be the same quality and as effective as its innovator counterparts.

+ Zyrtec® is a registered trademark of UCB Farchim SA Inc. Zetop® is not manufactured or distributed by UCB Farchim SA or any of their associated companies. Zetop® is a registered medicine and is marketed by Arrow Pharmaceuticals (NZ) Ltd, Auckland.

* Based on total number of tablets including those dispensed on prescription.

Medicines have benefits and some may have risks. Always read the label and use only as directed. If symptoms persist or you have side effects see your pharmacist or doctor. For further information and stockists please visit our website www.arrowcare.co.nz or call 0800 800 097

High-quality. Effective. Affordable Medicines. For the whole family.
