

# Strong Pain?

## Paracode focuses on the pain

Codeine containing analgesic available from your pharmacist without prescription

### ParaCode®

The affordable alternative

- ✓ Temporary relief of moderate to severe pain and discomfort
- ✓ The Number 1 Paracetamol/codeine Product in New Zealand \*
- ✓ Reduces fever
- ✓ Good choice for people with sensitive stomachs

**Paracode® has the same active ingredient as Panadeine®+**

If you need affordable relief from moderate to severe pain and discomfort, ask your pharmacist for Paracode® from ArrowCare. ArrowCare is developed by Arrow Pharmaceuticals, a leading, worldwide developer and manufacturer of prescription medicines. It's a name you can trust. In fact, hundreds of thousands of New Zealanders take Arrow medicines everyday. With ArrowCare medicinal products, we've taken the same active ingredient as the innovator product and made them available at a more affordable price. *Compare the price at leading pharmacies.*

ArrowCare medicinal products contain the same active ingredient, at the same strength, and in the same form as the innovator medicines. Our medicines undergo a rigorous assessment process before they can be marketed in New Zealand. Paracode® can, therefore, be expected to be the same quality and as effective as its innovator counterparts.

+Panadeine® is a registered trademark of GlaxoSmithKline group of companies. Paracode® is not manufactured or distributed by GlaxoSmithKline or any of their associated companies. Paracode® is a registered medicine and is marketed by Arrow Pharmaceuticals (NZ) Ltd, Auckland.

\* Based on total number of tablets including those dispensed on prescription.

Medicines have benefits and some may have risks. Always read the label and use only as directed. If symptoms persist or you have side effects see your pharmacist or doctor. Incorrect use can be harmful. Codeine is an addictive substance and should not be used for more than 3 days. Your pharmacist advice is required.
